The waterfall chart illustrates the contribution of three financial metrics to a total value of 500 M. The metrics are revenue (dark blue), net income (light blue), and operating cash flow (pink). The chart shows that revenue is the primary driver, contributing approximately 230 M. Net income contributes approximately 100 M, and operating cash flow contributes approximately 170 M. The total value is 500 M.

Metric	Value (M)
revenue	230
netIncome	100
operatingCashFlow	170
Total	500

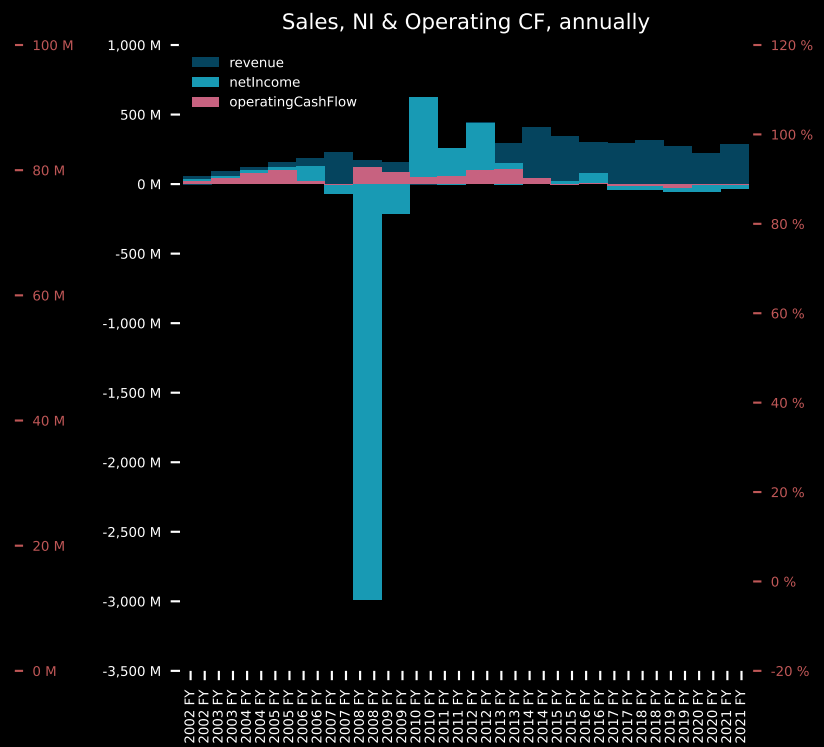

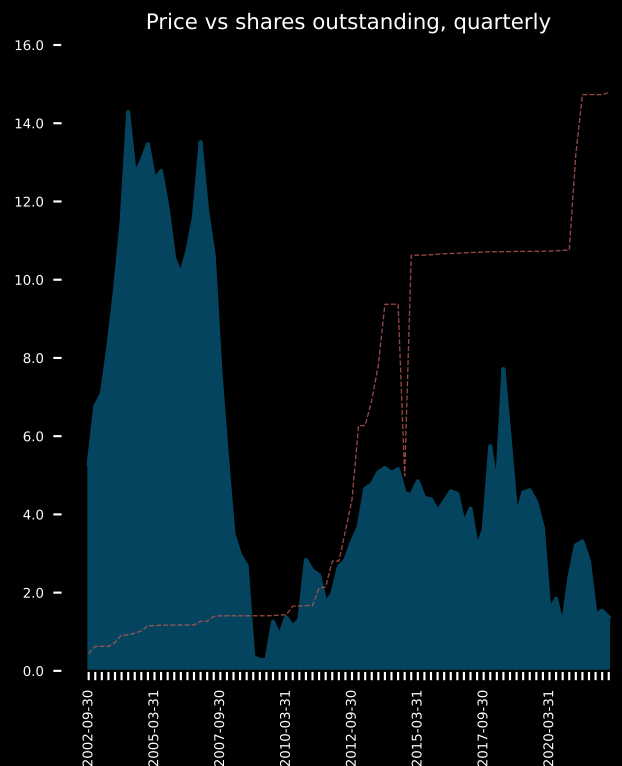

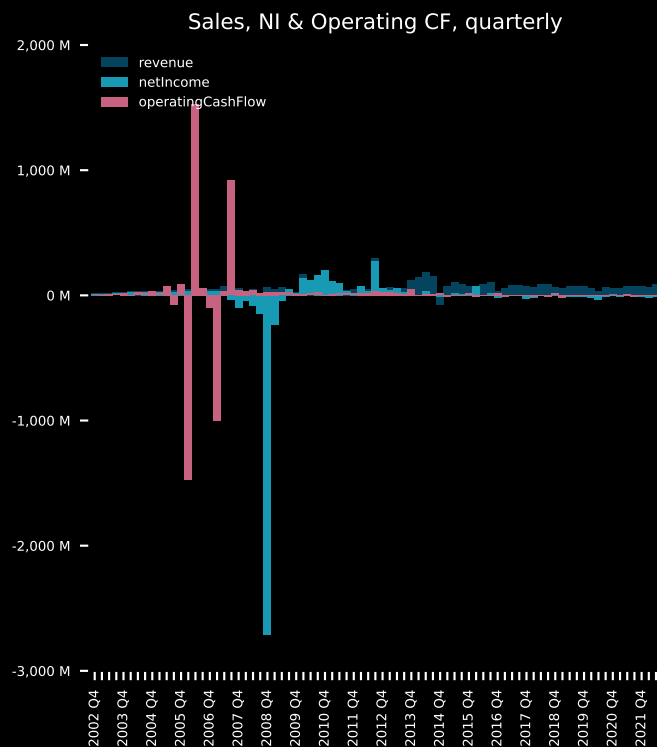

The chart displays the financial performance of the company from FY 2018 to FY 2021. The left Y-axis represents the absolute values in millions (M), ranging from -1,000 M to 2,500 M. The right Y-axis represents the percentage of revenue, ranging from 20% to 110%. The legend indicates that blue represents revenue, green represents net income, and red represents operating cash flow.

Fiscal Year	Revenue (M)	Net Income (M)	Operating Cash Flow (M)
2018 FY	1,750	350	350
2019 FY	1,900	400	400
2020 FY	950	-350	-100
2021 FY	1,300	-600	-100

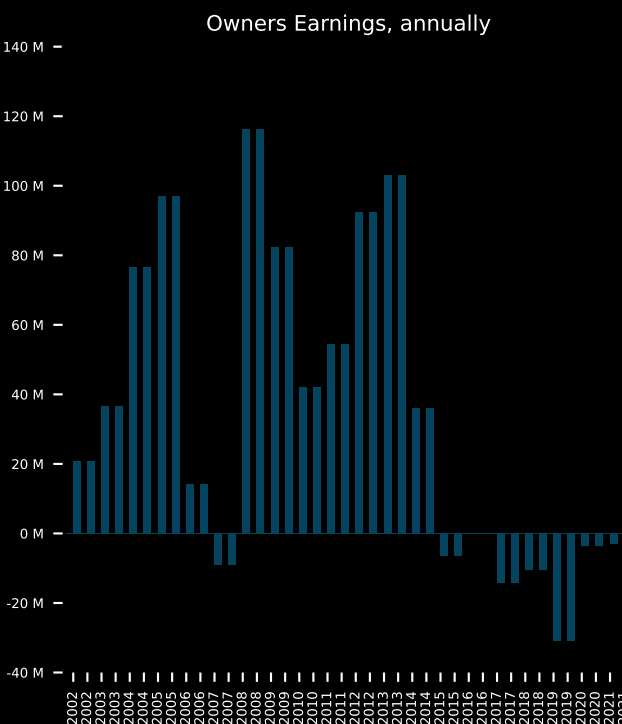

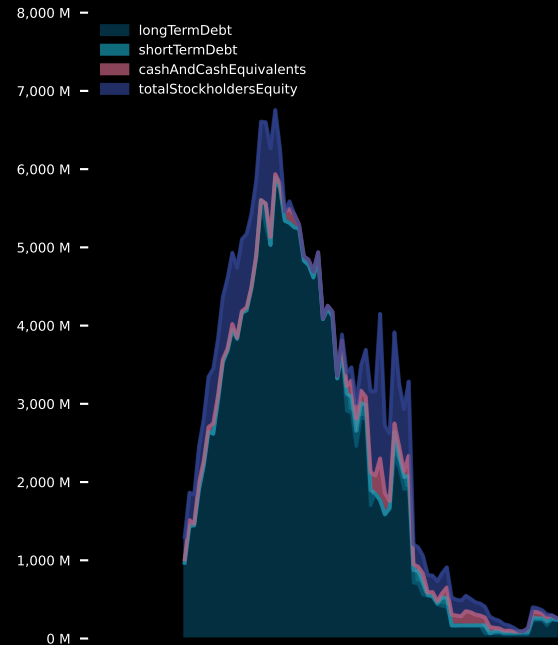

The chart displays the components of total stockholders' equity from 2010 to 2019. The y-axis represents the amount in millions (M), ranging from 0 to 7,000. The x-axis represents the years from 2010 to 2019. The components are stacked as follows: longTermDebt (dark blue), shortTermDebt (medium blue), cashAndCashEquivalents (light blue), and totalStockholdersEquity (dark blue). The total stockholders' equity shows a significant increase from 2010 to 2019, with long-term debt being the largest component throughout the period.
