The chart displays three financial metrics over a 20-year period from 2001 Q3 to 2021 Q3. The y-axis represents values in millions (M), ranging from -40 M to 60 M. The x-axis shows time in quarters, with labels every three quarters (e.g., 2001 Q3, 2002 Q3, ..., 2021 Q3). The legend indicates: revenue (dark blue), netIncome (light blue), and operatingCashFlow (pink). Revenue shows a consistent upward trend, starting near zero and reaching approximately 55 M by 2021 Q3. Net income and operating cash flow are more volatile, with net income showing a significant spike around 2014 Q3 and operating cash flow showing a sharp decline around 2016 Q3.

The chart displays the number of employees in the manufacturing sector from 1999 to 2021. The Y-axis represents the number of employees, ranging from 0.0 to 350.0. The X-axis shows time in quarters, with labels every 3 years and 6 months (e.g., 1999-06-30, 2001-12-31, etc.). The chart is divided into three categories: 'Manufacturing' (blue), 'Construction' (green), and 'Other' (red). The 'Manufacturing' category shows a significant peak in 1999, followed by a sharp decline and then a steady increase until 2009, after which it remains relatively stable. The 'Construction' category shows a steady increase from 1999 to 2009, followed by a period of relative stability. The 'Other' category shows a steady increase from 1999 to 2009, followed by a period of relative stability.

Year	Manufacturing	Construction	Other
1999-06-30	255	10	5
2001-12-31	45	10	5
2004-06-30	25	15	10

The chart displays three financial metrics over time:

- revenue** (dark blue bars)
- netIncome** (light blue bars)
- operatingCashFlow** (red bars)

The Y-axis represents values in millions, ranging from -2 M to 0 M. The X-axis shows quarters from 2008 Q3 to 2021 Q3. The chart illustrates a period of financial stability until around 2018, followed by a significant decline in net income, reaching a low point in 2020 Q3, and a subsequent recovery in 2021 Q3.

The chart displays the following data series:

- revenue** (blue bars)
- netIncome** (orange bars)
- operatingCashFlow** (green bars)

The x-axis represents the fiscal year (FY) from 2003 to 2020. The left y-axis represents the absolute value in millions of dollars (M), ranging from 0 M to -1,800 M. The right y-axis represents the percentage, ranging from -10% to 70%.

Digatrade Financial Corp. operates as a financial technology services company. It focuses on offering research and development related services in the digital-asset industry for prospective institutional customers. The company was formerly known as Bit-X Financial Corporation and changed its name to Digatrade Financial Corp. in October 2015. Digatrade Financial Corp. was incorporated in 2000 and is headquartered in Vancouver, Canada.

The chart displays the evolution of four financial metrics over time. The y-axis represents the value in millions of dollars, ranging from 0 M to 2 M. The x-axis represents time, with labels for 2000, 2005, 2010, 2015, and 2020. The metrics are stacked as follows: longTermDebt (bottom, dark blue), shortTermDebt (second from bottom, medium blue), cashAndCashEquivalents (third from bottom, light blue), and totalStockholdersEquity (top, dark red). The total stockholders equity shows a significant peak around 2007, reaching approximately 1.8 M, followed by a sharp decline and subsequent recovery.

The bar chart displays the annual change in the number of employees in the manufacturing sector from 2003 to 2020. The vertical axis represents the change in thousands of employees, ranging from -1,000 to 1,000. The horizontal axis lists the years from 2003 to 2020. The data shows a general downward trend, with a significant drop in 2017 and 2020.

Year	Annual Change (thousands of employees)
2003	100
2004	-150
2005	-250
2006	-650
2007	-200
2008	-300
2009	-350
2010	-300
2011	-250
2012	-150
2013	-200
2014	-250
2015	-400
2016	-300
2017	-900
2018	-400
2019	-800
2020	-1000
