This stacked bar chart displays the financial performance of a company from 2002 to 2021. The y-axis represents monetary values in millions (M), ranging from -7 M to 15 M. The x-axis shows time in quarters, with labels every three years (e.g., 2002 Q3, 2003 Q3, etc.). The chart is divided into three categories: revenue (dark blue), net income (light blue), and operating cash flow (pink). Revenue is the largest component, showing a steady increase over time. Net income and operating cash flow are smaller components, with net income showing significant volatility, particularly in the later years.

The chart displays the components of Total Stockholders Equity for The Home Depot from 2007 to 2019. The Y-axis represents the amount in millions (M), ranging from 0 M to 90 M. The components are stacked as follows: longTermDebt (dark blue), shortTermDebt (medium blue), cashAndCashEquivalents (red), and totalStockholdersEquity (light blue). The total equity fluctuates significantly, peaking around 80 M in 2019.

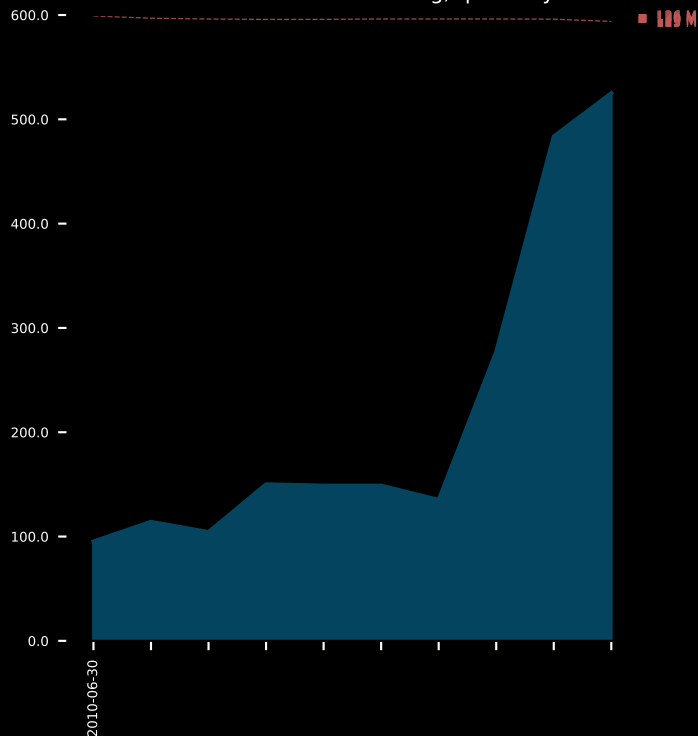

Fossil Group, Inc., together with its subsidiaries, designs, develops, markets, and distributes consumer fashion accessories in the United States, Europe, Asia, and internationally. The company's products include traditional watches, smartwatches, jewelry, handbags, small leather goods, belts, and sunglasses.
